#### LETTER TO GROUP MANAGEMENT

The State of our Union is something to which we are all concerned. Over the past few months we have seen a continual period of decline which has culminated in the almost dead state of the group at present.

Whilst I am constitutionally obligated to, I no longer feel it is physically possible for me execute faithfully the Office of President of the United States because of the barriers we face as a result of inactivity.

It is for this reason that I am writing to ask that the Founder, and whoever else he delegates authority to, makes use of Article VI of the United States Constitution - allowing the Founder to *"Step in when the nation has hit a point of decay and no other branch of government has the ability to remedy the issue."*

Specifically, I am asking that the Founder or Group Manager(s) personally take control of the following functions:

- Appointing **kxndi**, **mrxrkedly** and **BenjaminAmaturo** as United States Senators (Class I) without confirmation.
- Using as much group funding as possible to run adverts without a budget from Congress.
- Maintain the Speaker of the House election.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Bruce Snyder".

Bruce A. Snyder  
President of the United States of America
